## Invitation to Bid

**May 8, 2023**

The Smithville Area Fire Protection District is soliciting bids for an air compressor suitable and designed for filling self-contained breathing apparatus (SCBA) bottles. The compressor shall have a working capability of 6,000psi, and include the following features:

3-phase motor

Minimum of Grade E air purification

Automatic condensate drain

NEMA 4 rated electrical enclosure and UL-listed control panel

Emergency stop button

Final pressure, oil pressure, and high temperature shutdown

This bid process is for an immediate purchase.

Bids shall include shipping/delivery to 341 Park Drive, Smithville, MO 64089. Note: the fire district has no means to unload freight on-site.

Bids shall include installation and setup of the equipment in accordance with the manufacturer's specifications.

Installation shall include connecting the new compressor unit to the fire district's existing Mako brand fill station, model SCFS2-4HP.

Sealed bids shall be delivered to Smithville Area Fire Protection District, 341 Park Drive, Smithville, MO, 64089, Attention Dave Cline, and marked "Compressor Bid". Bids must be received by 3pm on May 22, 2023.

Bids will be evaluated based on price, delivery time, and overall value to the District. The District reserves the right to reject any and all bids.
